## Datasheet for ABIN207496 **anti-RhoF antibody (N-Term)**

### Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 0.1 mg                              |
| Target:              | RhoF (RHOF)                         |
| Binding Specificity: | N-Term                              |
| Reactivity:          | Mouse                               |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This RhoF antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA        |

### Product Details

|               |  |
|---------------|--|
| Immunogen:    | Synthetic peptide from mouse RHOF.<br><br>Type of Immunogen: Synthetic peptide                             |
| Specificity:  | Synthetic peptide corresponding to N-terminal residues of mouse RhoF(Rho-related GTP-binding protein RhoF) |
| Purification: | Immunoaffinity purified  |

### Target Details

|                   |  |
|-------------------|--|
| Target:           | RhoF (RHOF)                                  |
| Alternative Name: | RIF / RHOF ( <a href="#">RHOF Products</a> ) |
| Background:       | Name/Gene ID: RHOF                           |

## Target Details

---

Family: Ras GTPase superfamily IPR001806

Synonyms: RHOF, ARHF, Rho family GTPase Rif, Rho in filopodia, RIF

---

Gene ID: 54509

---

UniProt: [Q9HBH0](#)

---

## Application Details

---

Application Notes: Approved: ELISA (1 µg/mL), WB (1 µg/mL)

---

Comment: Target Species of Antibody: Mouse

---

Restrictions: For Research Use only

---

## Handling

---

Format: Liquid

---

Concentration: Lot specific

---

Buffer: PBS, 0.01 % sodium azide, 50 % glycerol.

---

Preservative: Sodium azide

---

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

---

Handling Advice: Avoid freeze-thaw cycles.

---

Storage: 4 °C, -20 °C

---

Storage Comment: Short term: 4°C. Long term: Store at -20°C. Avoid freeze-thaw cycles.

---
