## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 0.1 mg                              |
| Target:              | DAP3                                |
| Binding Specificity: | AA 51-66                            |
| Reactivity:          | Human, Mouse                        |
| Host:                | Mouse                               |
| Clonality:           | Monoclonal                          |
| Conjugate:           | This DAP3 antibody is un-conjugated |
| Application:         | Western Blotting (WB)               |

## Product Details

|               |                                                                                                                                                                              |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | A synthetic peptide corresponding to amino acids 51-66 of human DAP-3 protein. This sequence is 75% homologous in mouse and rat.<br><br>Type of Immunogen: Synthetic peptide |
| Clone:        | 42C617-1-2                                                                                                                                                                   |
| Isotype:      | IgG                                                                                                                                                                          |
| Specificity:  | In Jurkat, a 45 kD band is observed.                                                                                                                                         |
| Purification: | Protein G purified                                                                                                                                                           |

## Target Details

|         |      |
|---------|------|
| Target: | DAP3 |

## Target Details

|                   |                                                                                                                                          |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Alternative Name: | DAP3 ( <a href="#">DAP3 Products</a> )                                                                                                   |
| Background:       | Name/Gene ID: DAP3<br><br>Synonyms: DAP3, Death associated protein 3, Death-associated protein 3, MRP-S29, BMRP-10, DAP-3, MRPS29, S29mt |
| Gene ID:          | 7818                                                                                                                                     |
| UniProt:          | <a href="#">P51398</a>                                                                                                                   |

## Application Details

|                    |                                   |
|--------------------|-----------------------------------|
| Application Notes: | Approved: WB (1 - 2 µg/mL)        |
| Comment:           | Target Species of Antibody: Human |
| Restrictions:      | For Research Use only             |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, 0.02 % sodium azide.                                                                                              |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C,-80 °C                                                                                                            |
| Storage Comment:   | Short term: 4°C<br>Long term: -70°C.                                                                                   |
