

## Datasheet for ABIN2112937 **SEMA7A ELISA Kit**

[Go to Product page](#)

### Overview

|              |                   |
|--------------|-------------------|
| Quantity:    | 96 tests          |
| Target:      | SEMA7A            |
| Reactivity:  | Mouse             |
| Method Type: | Competition ELISA |
| Application: | ELISA             |

### Product Details

|                   |              |
|-------------------|--------------|
| Brand:            | BioAssay™    |
| Detection Method: | Colorimetric |

### Target Details

|                   |                                                                                                                                                                                |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | SEMA7A                                                                                                                                                                         |
| Alternative Name: | Semaphorin 7A (SEMA7A) ( <a href="#">SEMA7A Products</a> )                                                                                                                     |
| Pathways:         | <a href="#">Positive Regulation of Immune Effector Process</a> , <a href="#">Production of Molecular Mediator of Immune Response</a> , <a href="#">Regulation of Cell Size</a> |

### Application Details

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

### Handling

|          |             |
|----------|-------------|
| Storage: | 4 °C/-20 °C |
|----------|-------------|
