

Datasheet for ABIN2127877

ENO1 Protein

[Go to Product page](#)

Overview

Quantity:	100 µg
Target:	ENO1
Origin:	Human
Source:	Escherichia coli (E. coli)
Protein Type:	Recombinant
Application:	SDS-PAGE (SDS), Western Blotting (WB), ELISA

Product Details

Purity:	> 90 % pure
---------	-------------

Target Details

Target:	ENO1
Abstract:	ENO1 Products
Molecular Weight:	74 kDa

Application Details

Restrictions:	For Research Use only
---------------	-----------------------

Handling

Format:	Liquid
Buffer:	Supplied in liquid form in PBS buffer with 20 mM GSH

Handling

Storage: 4 °C/-20 °C/-80 °C
