HIV-1 Tat Protein[Go to Product page](#)**1** Publication

Overview

Quantity:	50 µg
Target:	HIV-1 Tat
Origin:	Human Immunodeficiency Virus (HIV)
Source:	Baculovirus
Protein Type:	Recombinant
Application:	Western Blotting (WB), ELISA

Product Details

Purity:	> 90 % pure
---------	-------------

Target Details

Target:	HIV-1 Tat
Alternative Name:	HIV1 Tat (HIV-1 Tat Products)
Target Type:	Viral Protein

Application Details

Application Notes:	ELISA: 1:500-1:1,000, WB: 1:500-1:1,000
Restrictions:	For Research Use only

Handling

Format:	Liquid
---------	--------

Handling

Concentration:	500 µg/mL
Buffer:	Supplied liquid in PBS.
Storage:	4 °C/-20 °C/-80 °C
