

Datasheet for ABIN2131856  
**SKA1 Protein**

[Go to Product page](#)

### Overview

Quantity:	10 µg
Target:	SKA1
Origin:	Human
Source:	Escherichia coli (E. coli)
Protein Type:	Recombinant
Application:	SDS-PAGE (SDS)

### Product Details

Purity:	> 80 % pure
---------	-------------

### Target Details

Target:	SKA1
Alternative Name:	SKA1 ( <a href="#">SKA1 Products</a> )
Molecular Weight:	31.9 kDa
Pathways:	<a href="#">M Phase</a>

### Application Details

Restrictions:	For Research Use only
---------------	-----------------------

### Handling

Format:	Liquid
---------	--------

## Handling

---

Concentration:	250 µg/mL
Buffer:	Supplied in liquid form in 20 mM Tris-HCl buffer ( pH 8.0) containing 10 % glycerol 0.1M NaCl
Storage:	4 °C/-20 °C/-80 °C
