## Overview

|              |                                                          |
|--------------|----------------------------------------------------------|
| Quantity:    | 100 µg                                                   |
| Target:      | TAP2                                                     |
| Reactivity:  | Human                                                    |
| Host:        | Rabbit                                                   |
| Clonality:   | Polyclonal                                               |
| Conjugate:   | This TAP2 antibody is conjugated to FITC                 |
| Application: | Western Blotting (WB), ELISA, Immunohistochemistry (IHC) |

## Product Details

|               |                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | APT2 antibody (FITC) was raised in Rabbit using recombinant human Acyl-protein thioesterase 2 protein as the immunogen |
| Isotype:      | IgG                                                                                                                    |
| Purification: | APT2 antibody (FITC) was purified by Ammonium Sulfate precipitation                                                    |

## Target Details

|                   |                                                                                                                                                                                                        |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | TAP2                                                                                                                                                                                                   |
| Alternative Name: | APT2 ( <a href="#">TAP2 Products</a> )                                                                                                                                                                 |
| Pathways:         | <a href="#">Regulation of Leukocyte Mediated Immunity</a> , <a href="#">Positive Regulation of Immune Effector Process</a> , <a href="#">Human Leukocyte Antigen (HLA) in Adaptive Immune Response</a> |

Application Details

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

Handling

|                |              |
|----------------|--------------|
| Concentration: | Lot specific |
|----------------|--------------|

|         |                                                       |
|---------|-------------------------------------------------------|
| Buffer: | 0.03 % Procl 300, 50 % Glycerol and 0.01M PBS, PH 7.4 |
|---------|-------------------------------------------------------|

|                  |                                   |
|------------------|-----------------------------------|
| Handling Advice: | Avoid repeated freeze/thaw cycles |
|------------------|-----------------------------------|

|          |             |
|----------|-------------|
| Storage: | 4 °C/-20 °C |
|----------|-------------|

|                  |                                                                       |
|------------------|-----------------------------------------------------------------------|
| Storage Comment: | Store at 4 °C for short term storage and -20 °C for long term storage |
|------------------|-----------------------------------------------------------------------|
