## Overview

|              |                                                   |
|--------------|---------------------------------------------------|
| Quantity:    | 100 µL                                            |
| Target:      | HID1/DMC1 (HID1)                                  |
| Reactivity:  | Human                                             |
| Host:        | Mouse                                             |
| Clonality:   | Monoclonal                                        |
| Conjugate:   | This HID1/DMC1 antibody is un-conjugated          |
| Application: | Western Blotting (WB), Immunohistochemistry (IHC) |

## Product Details

|               |                                                                                                                                                          |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | C17orf28 antibody was raised in mouse using a full length recombinant protein of human C17orf28 (NP_085133) produced in HEK293T cells, as the immunogen. |
| Clone:        | 5C4                                                                                                                                                      |
| Isotype:      | IgG1                                                                                                                                                     |
| Purification: | C17orf28 antibody was purified by affinity chromatography.                                                                                               |

## Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Target:           | HID1/DMC1 (HID1)                           |
| Alternative Name: | C17orf28 ( <a href="#">HID1 Products</a> ) |

## Application Details

|                    |                        |
|--------------------|------------------------|
| Application Notes: | IHC: 1:150, WB: 1:2000 |
| Restrictions:      | For Research Use only  |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | In PBS buffer, pH 7.3, containg 1 % BSA, 50 % glycerol and 0.02 % sodium azide.                                        |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Handling Advice:   | Avoid repeated freeze/thaw cycles                                                                                      |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Store at 4 °C for short term storage. Aliquot and store at -20 °C for long term storage.                               |
