## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 100 µg                              |
| Target:              | CYGB                                |
| Binding Specificity: | N-Term                              |
| Reactivity:          | Human                               |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This CYGB antibody is un-conjugated |
| Application:         | Western Blotting (WB)               |

## Product Details

|               |                                                                                                                                                                                                                                                             |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Cytoglobin antibody was raised in Rabbit using a synthetic peptide corresponding to a sequence at the N-terminal of human Cytoglobin, identical to the related rat sequence, different from the related Rabbit sequence by one amino acid, as the immunogen |
| Isotype:      | IgG                                                                                                                                                                                                                                                         |
| Purification: | Cytoglobin antibody was purified by affinity chromatography                                                                                                                                                                                                 |

## Target Details

|                   |                                              |
|-------------------|----------------------------------------------|
| Target:           | CYGB                                         |
| Alternative Name: | Cytoglobin ( <a href="#">CYGB Products</a> ) |

Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | Optimal conditions to be determined by the end user |
| Restrictions:      | For Research Use only                               |

Handling

|                  |                                                                                          |
|------------------|------------------------------------------------------------------------------------------|
| Format:          | Lyophilized                                                                              |
| Concentration:   | Lot specific                                                                             |
| Buffer:          | lyophilized form                                                                         |
| Handling Advice: | Avoid repeated freeze/thaw cycles                                                        |
| Storage:         | -20 °C                                                                                   |
| Storage Comment: | Store at 4 °C for short term storage. For long term storage aliquot and store at -20 °C, |
