## Overview

|              |                                                |
|--------------|------------------------------------------------|
| Quantity:    | 100 µL                                         |
| Target:      | EXOSC7                                         |
| Reactivity:  | Human                                          |
| Host:        | Mouse                                          |
| Clonality:   | Monoclonal                                     |
| Conjugate:   | This EXOSC7 antibody is un-conjugated          |
| Application: | Western Blotting (WB), Immunofluorescence (IF) |

## Product Details

|               |                                                                                                                                            |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | EXOSC7 antibody was raised in Mouse using full length human recombinant protein of human EXOSC7 produced in HEK293T cell as the immunogen. |
| Clone:        | 3B2                                                                                                                                        |
| Isotype:      | IgG1                                                                                                                                       |
| Purification: | EXOSC7 antibody was purified by affinity chromatography.                                                                                   |

## Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Target:           | EXOSC7                                     |
| Alternative Name: | EXOSC7 ( <a href="#">EXOSC7 Products</a> ) |

## Application Details

Application Notes: IF: 1:100, WB: 1:2000

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: In PBS buffer, pH 7.3, containing 1 % BSA, 50 % glycerol and 0.02 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Handling Advice: Avoid repeated freeze/thaw cycles

Storage: -20 °C

Storage Comment: Store at 4 °C for short term storage. Aliquot and store at -20 °C for long term storage.
