

## Datasheet for ABIN2145469 **anti-LACE1 antibody**

[Go to Product page](#)

### Overview

|              |                                                          |
|--------------|----------------------------------------------------------|
| Quantity:    | 100 µg                                                   |
| Target:      | LACE1                                                    |
| Reactivity:  | Human                                                    |
| Host:        | Rabbit                                                   |
| Clonality:   | Polyclonal                                               |
| Conjugate:   | This LACE1 antibody is un-conjugated                     |
| Application: | Western Blotting (WB), ELISA, Immunohistochemistry (IHC) |

### Product Details

|            |                                                                                    |
|------------|------------------------------------------------------------------------------------|
| Immunogen: | LACE1 antibody was raised in Rabbit using recombinant human LACE1 as the immunogen |
| Isotype:   | IgG                                                                                |

### Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | LACE1                                    |
| Alternative Name: | LACE1 ( <a href="#">LACE1 Products</a> ) |

### Application Details

|                    |                                                             |
|--------------------|-------------------------------------------------------------|
| Application Notes: | ELISA: 1:20000-1:80000, WB: 1:1000-1:2000, IHC: 1:100-1:500 |
| Restrictions:      | For Research Use only                                       |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Lyophilized                                                                                                            |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | In lyophilized form containing 1 % BSA and 0.02 % NaN <sub>3</sub>                                                     |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Handling Advice:   | For long term storage, store at -20 °C                                                                                 |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Store at 4 °C for short term storage For long term storage, store at -20 °C                                            |
