

## Datasheet for ABIN2149942 **anti-PSMD2 antibody**

[Go to Product page](#)

### Overview

|              |                                                |
|--------------|------------------------------------------------|
| Quantity:    | 100 µL                                         |
| Target:      | PSMD2                                          |
| Reactivity:  | Human                                          |
| Host:        | Mouse                                          |
| Clonality:   | Monoclonal                                     |
| Conjugate:   | This PSMD2 antibody is un-conjugated           |
| Application: | Western Blotting (WB), Immunofluorescence (IF) |

### Product Details

|               |                                                                                                                                                    |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | PSMD2 antibody was raised in mouse using a full length recombinant protein of human PSMD2 (NP_002799) produced in HEK293T cells, as the immunogen. |
| Clone:        | 1G8                                                                                                                                                |
| Isotype:      | IgG2a                                                                                                                                              |
| Purification: | PSMD2 antibody was purified by affinity chromatography.                                                                                            |

### Target Details

|                   |                                                                                                                                                            |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | PSMD2                                                                                                                                                      |
| Alternative Name: | PSMD2 ( <a href="#">PSMD2 Products</a> )                                                                                                                   |

## Application Details

Application Notes: IF: 1:100, WB: 1:500-2000

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: In PBS buffer, pH 7.3, containing 1 % BSA, 50 % glycerol and 0.02 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Handling Advice: Avoid repeated freeze/thaw cycles

Storage: -20 °C

Storage Comment: Store at 4 °C for short term storage. Aliquot and store at -20 °C for long term storage.
