

## Datasheet for ABIN2151930 **anti-SNAP25 antibody**

[Go to Product page](#)

### Overview

|              |                                                                       |
|--------------|-----------------------------------------------------------------------|
| Quantity:    | 100 µL                                                                |
| Target:      | SNAP25                                                                |
| Reactivity:  | Human                                                                 |
| Host:        | Mouse                                                                 |
| Clonality:   | Monoclonal                                                            |
| Conjugate:   | This SNAP25 antibody is un-conjugated                                 |
| Application: | Western Blotting (WB), Immunofluorescence (IF), Flow Cytometry (FACS) |

### Product Details

|               |                                                                                                                                                      |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | SNAP25 antibody was raised in mouse using a full length recombinant protein of human SNAP25 (NP_003072) produced in HEK293T cells, as the immunogen. |
| Clone:        | 1G2                                                                                                                                                  |
| Isotype:      | IgG1                                                                                                                                                 |
| Purification: | SNAP25 antibody was purified by affinity chromatography.                                                                                             |

### Target Details

|                   |                                                                                                                                                                                                  |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | SNAP25                                                                                                                                                                                           |
| Alternative Name: | SNAP25 ( <a href="#">SNAP25 Products</a> )                                                                                                                                                       |
| Pathways:         | <a href="#">Positive Regulation of Peptide Hormone Secretion</a> , <a href="#">Hormone Transport</a> , <a href="#">Synaptic Vesicle Exocytosis</a> , <a href="#">Dicarboxylic Acid Transport</a> |

Application Details

|                    |                                  |
|--------------------|----------------------------------|
| Application Notes: | FC: 1:100, IF: 1:100, WB: 1:2000 |
| Restrictions:      | For Research Use only            |

Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | In PBS buffer, pH 7.3, containg 1 % BSA, 50 % glycerol and 0.02 % sodium azide.                                        |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Handling Advice:   | Avoid repeated freeze/thaw cycles                                                                                      |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Store at 4 °C for short term storage. Aliquot and store at -20 °C for long term storage.                               |
