## anti-Tyrosinase-Related Protein 1 antibody (FITC)

[Go to Product page](#)

### Overview

|              |                                                                  |
|--------------|------------------------------------------------------------------|
| Quantity:    | 100 µg                                                           |
| Target:      | Tyrosinase-Related Protein 1 (TYRP1)                             |
| Reactivity:  | Human                                                            |
| Host:        | Rabbit                                                           |
| Clonality:   | Polyclonal                                                       |
| Conjugate:   | This Tyrosinase-Related Protein 1 antibody is conjugated to FITC |
| Application: | Western Blotting (WB), Immunohistochemistry (IHC), ELISA         |

### Product Details

|               |                                                                                                                              |
|---------------|------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | TRP antibody (FITC) was raised in Rabbit using recombinant human Tetratricopeptide repeat protein 1 protein as the immunogen |
| Isotype:      | IgG                                                                                                                          |
| Purification: | TRP antibody (FITC) was purified by Ammonium Sulfate precipitation                                                           |

### Target Details

|                   |                                        |
|-------------------|----------------------------------------|
| Target:           | Tyrosinase-Related Protein 1 (TYRP1)   |
| Alternative Name: | TRP ( <a href="#">TYRP1 Products</a> ) |

### Application Details

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

## Handling

|                  |                                                                       |
|------------------|-----------------------------------------------------------------------|
| Concentration:   | Lot specific                                                          |
| Buffer:          | 0.03 % Procl 300, 50 % Glycerol and 0.01M PBS, PH 7.4                 |
| Handling Advice: | Avoid repeated freeze/thaw cycles                                     |
| Storage:         | 4 °C/-20 °C                                                           |
| Storage Comment: | Store at 4 °C for short term storage and -20 °C for long term storage |
