### Overview

|              |                                                                                                                                                 |
|--------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| Quantity:    | 100 µL                                                                                                                                          |
| Target:      | ANKRD40                                                                                                                                         |
| Reactivity:  | Human, Mouse, Rat                                                                                                                               |
| Host:        | Rabbit                                                                                                                                          |
| Clonality:   | Polyclonal                                                                                                                                      |
| Conjugate:   | This ANKRD40 antibody is un-conjugated                                                                                                          |
| Application: | Western Blotting (WB), Immunofluorescence (Paraffin-embedded Sections) (IF (p)),<br>Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)) |

### Product Details

|                   |                                                             |
|-------------------|-------------------------------------------------------------|
| Immunogen:        | KLH conjugated synthetic peptide derived from human ANKRD40 |
| Isotype:          | IgG                                                         |
| Cross-Reactivity: | Human, Mouse, Rat                                           |
| Purification:     | Purified by Protein A.                                      |

### Target Details

|                   |                                                                                                                                                                           |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | ANKRD40                                                                                                                                                                   |
| Alternative Name: | ANKRD40 ( <a href="#">ANKRD40 Products</a> )                                                                                                                              |
| Background:       | Synonyms: Ankrd40, ankyrin repeat domain 40, Ankyrin repeat domain-containing protein 40, ANR40_HUMAN, DKFZp451K241, MGC15396, OTTHUMP00000221729.<br>Background: ANKRD40 |

### Target Details

Gene ID: 91369

### Application Details

Application Notes: WB 1:300-5000  
IHC-P 1:200-400  
IF(IHC-P) 1:50-200

Restrictions: For Research Use only

### Handling

Format: Liquid

Concentration: 1 µg/µL

Buffer: 0.01M TBS( pH 7.4) with 1 % BSA, 0.02 % Proclin300 and 50 % Glycerol.

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only.

Storage: 4 °C,-20 °C

Storage Comment: Shipped at 4°C. Store at -20°C for one year. Avoid repeated freeze/thaw cycles.

Expiry Date: 12 months
