

Datasheet for ABIN2172641

**anti-CCDC92 antibody (AA 101-200) (HRP)**[Go to Product page](#)

## Overview

|                      |                                                                                                                                                  |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                                                                                           |
| Target:              | CCDC92                                                                                                                                           |
| Binding Specificity: | AA 101-200                                                                                                                                       |
| Reactivity:          | Human, Mouse                                                                                                                                     |
| Host:                | Rabbit                                                                                                                                           |
| Clonality:           | Polyclonal                                                                                                                                       |
| Conjugate:           | This CCDC92 antibody is conjugated to HRP                                                                                                        |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)),<br>Immunohistochemistry (Frozen Sections) (IHC (fro)) |

## Product Details

|                       |                                                         |
|-----------------------|---------------------------------------------------------|
| Immunogen:            | KLH conjugated synthetic peptide derived from Hu CCDC92 |
| Isotype:              | IgG                                                     |
| Cross-Reactivity:     | Human, Mouse                                            |
| Predicted Reactivity: | Rat,Dog,Pig,Horse,Chicken,Rabbit                        |
| Purification:         | Purified by Protein A.                                  |

## Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Target:           | CCDC92                                     |
| Alternative Name: | CCDC92 ( <a href="#">CCDC92 Products</a> ) |

### Target Details

|             |                                                                                                                  |
|-------------|------------------------------------------------------------------------------------------------------------------|
| Background: | Synonyms: Coiled coil domain containing protein 92, FLJ22471, Limkain beta 2, CCD92_HUMAN.<br>Background: CCDC92 |
| Gene ID:    | 80212                                                                                                            |

### Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | WB 1:300-5000<br>IHC-P 1:200-400<br>IHC-F 1:100-500 |
| Restrictions:      | For Research Use only                               |

### Handling

|                    |                                                                                                                    |
|--------------------|--------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                             |
| Concentration:     | 1 µg/µL                                                                                                            |
| Buffer:            | Aqueous buffered solution containing 0.01M TBS ( pH 7.4) with 1 % BSA, 0.03 % Proclin300 and 50 % Glycerol.        |
| Preservative:      | ProClin                                                                                                            |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only. |
| Handling Advice:   | Do NOT add Sodium Azide! Use of Sodium Azide will inhibit enzyme activity of horseradish peroxidase.               |
| Storage:           | -20 °C                                                                                                             |
| Storage Comment:   | Store at -20°C. Aliquot into multiple vials to avoid repeated freeze-thaw cycles.                                  |
| Expiry Date:       | 12 months                                                                                                          |
