

Datasheet for ABIN2176138

**anti-EIF3L antibody (AA 461-564) (Cy5)**[Go to Product page](#)

## Overview

|                      |                                                                                                         |
|----------------------|---------------------------------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                                                  |
| Target:              | EIF3L                                                                                                   |
| Binding Specificity: | AA 461-564                                                                                              |
| Reactivity:          | Human                                                                                                   |
| Host:                | Rabbit                                                                                                  |
| Clonality:           | Polyclonal                                                                                              |
| Conjugate:           | This EIF3L antibody is conjugated to Cy5                                                                |
| Application:         | Immunofluorescence (Cultured Cells) (IF (cc)), Immunofluorescence (Paraffin-embedded Sections) (IF (p)) |

## Product Details

|                       |                                                                 |
|-----------------------|-----------------------------------------------------------------|
| Immunogen:            | KLH conjugated synthetic peptide derived from human IF3EI       |
| Isotype:              | IgG                                                             |
| Predicted Reactivity: | Human, Mouse, Rat, Dog, Cow, Sheep, Pig, Horse, Chicken, Rabbit |
| Purification:         | Purified by Protein A.                                          |

## Target Details

|                   |                                                                                         |
|-------------------|-----------------------------------------------------------------------------------------|
| Target:           | EIF3L                                                                                   |
| Alternative Name: | If3ei ( <a href="#">EIF3L Products</a> )                                                |
| Background:       | Synonyms: eIEF associated protein HSPC021, EIF3EIP, eIF3I, eif3I, EIF3L_HUMAN, EIF3S11, |

## Target Details

EIF3S6IP, Eukaryotic translation initiation factor 3 subunit 6 interacting, Eukaryotic translation initiation factor 3 subunit 6-interacting protein, Eukaryotic translation initiation factor 3 subunit E-interacting protein, Eukaryotic translation initiation factor 3 subunit L, eukaryotic translation initiation factor 3, subunit E interacting, HSPC021, HSPC025, MSTP005.  
Background: IF3EI

Pathways: [Ribonucleoprotein Complex Subunit Organization](#)

## Application Details

Application Notes: IF(IHC-P) 1:50-200  
IF(IHC-F) 1:50-200  
IF(ICC) 1:50-200

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: 1 µg/µL

Buffer: Aqueous buffered solution containing 0.01M TBS ( pH 7.4) with 1 % BSA, 0.03 % Proclin300 and 50 % Glycerol.

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only.

Storage: -20 °C

Storage Comment: Store at -20°C. Aliquot into multiple vials to avoid repeated freeze-thaw cycles.

Expiry Date: 12 months
