## Overview

|                      |                                                                                                                |
|----------------------|----------------------------------------------------------------------------------------------------------------|
| Quantity:            | 500 µL                                                                                                         |
| Target:              | TRADD                                                                                                          |
| Binding Specificity: | C-Term                                                                                                         |
| Reactivity:          | Human                                                                                                          |
| Host:                | Rabbit                                                                                                         |
| Clonality:           | Polyclonal                                                                                                     |
| Conjugate:           | This TRADD antibody is un-conjugated                                                                           |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)) |

## Product Details

|               |                                                                                                 |
|---------------|-------------------------------------------------------------------------------------------------|
| Immunogen:    | A synthetic peptide from C-terminus of human TRADD.<br><br>Type of Immunogen: Synthetic peptide |
| Isotype:      | IgG                                                                                             |
| Specificity:  | Recognizes TRADD (TNF R1 Associated Death Domain). Species cross-reactivity: human.             |
| Purification: | Protein A purified                                                                              |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | TRADD                                    |
| Alternative Name: | TRADD ( <a href="#">TRADD Products</a> ) |

## Target Details

|             |                                                                                                                                                                                                              |
|-------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Background: | Name/Gene ID: TRADD<br><br>Synonyms: TRADD, Hs.89862                                                                                                                                                         |
| Gene ID:    | 8717                                                                                                                                                                                                         |

## Application Details

|                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: IHC, IHC-P, WB<br><br>Usage: Western Blot (Ab 5-10 µg/mL for 2hrs at RT). Immunohistochemistry (formalin/paraffin) (Use Ab at 5-10 µg/mL for 30 min at RT). Staining of formalin-fixed tissues requires boiling tissue sections in 10 mM citrate buffer, pH 6.0, for 10-20 min followed by cooling at RT for 20 min. Positive control: Hey cells. Angiosarcoma. The applications listed have been tested for the unmodified form of this product. Other forms have not been tested. |
| Comment:           | Target Species of Antibody: Human                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| Restrictions:      | For Research Use only                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |

## Handling

|                  |                                                            |
|------------------|------------------------------------------------------------|
| Format:          | Liquid                                                     |
| Concentration:   | Lot specific                                               |
| Buffer:          | 10 mM PBS, pH 7.4.                                         |
| Preservative:    | Azide free                                                 |
| Storage:         | 4 °C, -20 °C                                               |
| Storage Comment: | Short term: 4°C<br>Long term: Add glycerol (40-50%) -20°C. |
