Datasheet for ABIN2209630
anti-Defensin beta 4 antibody (APC)

Overview

Quantity:	100 µL
Target:	Defensin beta 4 (DEFB4)
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This Defensin beta 4 antibody is conjugated to APC
Application:	Western Blotting (WB), ELISA

Product Details

Immunogen:	Highly purified human BD-4.
Isotype:	IgG
Cross-Reactivity:	Human
Cross-Reactivity (Details):	Calculated cross reactivity: Hu
Characteristics:	BD-4 (Beta-defensin 104, Beta-defensin 4, DEFB104A, DEFB-4, hBD-4, Defensin, beta 104, DEFB104, DEFB4, DEFB104B) (APC)
Purification:	Purified by immunoaffinity chromatography.

Target Details

Target:	Defensin beta 4 (DEFB4)
Alternative Name:	BD-4 (DEFB4 Products)

Application Details

Application Notes: Optimal working conditions should be determined by the investigator.

Restrictions: For Research Use only

Handling

Format: Liquid

Buffer: Supplied as a liquid in PBS, pH 7.2.

Storage: 4 °C

Storage Comment: 4°C ,Do Not Freeze
