### Overview

|                      |                                       |
|----------------------|---------------------------------------|
| Quantity:            | 200 µL                                |
| Target:              | BTN3A3                                |
| Binding Specificity: | AA 66-96, N-Term                      |
| Reactivity:          | Human                                 |
| Host:                | Rabbit                                |
| Clonality:           | Polyclonal                            |
| Conjugate:           | This BTN3A3 antibody is un-conjugated |
| Application:         | ELISA, Western Blotting (WB)          |

### Product Details

|                             |                                                                                                                                                                   |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | BTN3A3 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 66-96 amino acids from the N-terminal region of human BTN3A3. |
| Isotype:                    | IgG                                                                                                                                                               |
| Cross-Reactivity:           | Human                                                                                                                                                             |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                                                                                   |
| Characteristics:            | BTN3A3, NT (BTN3A3, BTF3, Butyrophilin subfamily 3 member A3)                                                                                                     |
| Purification:               | Purified by Protein A affinity chromatography.                                                                                                                    |

### Target Details

|         |        |
|---------|--------|
| Target: | BTN3A3 |
|---------|--------|

Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Alternative Name: | BTN3A3 ( <a href="#">BTN3A3 Products</a> ) |
| NCBI Accession:   | <a href="#">NP_932078</a>                  |
| UniProt:          | <a href="#">O00478</a>                     |

Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | Supplied as a liquid in PBS, pH 7.2, 0.09 % sodium azide.                                                              |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | -20°C                                                                                                                  |
