

Datasheet for ABIN2259974

**anti-ENPEP antibody (C-Term)**[Go to Product page](#)

## Overview

|                      |                                                                                 |
|----------------------|---------------------------------------------------------------------------------|
| Quantity:            | 200 µL                                                                          |
| Target:              | ENPEP                                                                           |
| Binding Specificity: | AA 906-938, C-Term                                                              |
| Reactivity:          | Human                                                                           |
| Host:                | Rabbit                                                                          |
| Clonality:           | Polyclonal                                                                      |
| Conjugate:           | This ENPEP antibody is un-conjugated                                            |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), ELISA, Flow Cytometry (FACS) |

## Product Details

|                             |                                                                                                                                                                   |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | ENPEP antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 906-938 amino acids from the C-terminal region of human ENPEP. |
| Isotype:                    | IgG                                                                                                                                                               |
| Cross-Reactivity:           | Human                                                                                                                                                             |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                                                                                   |
| Characteristics:            | ENPEP, CT (ENPEP, Glutamyl aminopeptidase, Aminopeptidase A, Differentiation antigen gp160, CD249)                                                                |
| Purification:               | Purified by Protein A affinity chromatography.                                                                                                                    |

### Target Details

|                   |                                                                                                        |
|-------------------|--------------------------------------------------------------------------------------------------------|
| Target:           | ENPEP                                                                                                  |
| Alternative Name: | ENPEP ( <a href="#">ENPEP Products</a> )                                                               |
| NCBI Accession:   | <a href="#">NP_001968</a>                                                                              |
| UniProt:          | <a href="#">Q07075</a>                                                                                 |
| Pathways:         | <a href="#">Peptide Hormone Metabolism, Regulation of Systemic Arterial Blood Pressure by Hormones</a> |

### Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

### Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | Supplied as a liquid in PBS, pH 7.2, 0.09 % sodium azide.                                                              |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | -20°C                                                                                                                  |
