

Datasheet for ABIN2260001

**anti-ENPP2 antibody (Center, Internal Region, Lys416)**[Go to Product page](#)

## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 200 µL                               |
| Target:              | ENPP2                                |
| Binding Specificity: | Center, Internal Region, Lys416      |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This ENPP2 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

## Product Details

|                             |                                                                                                                                                                |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | Synthetic peptide selected from the Center region of human ENPP2 (KLH).                                                                                        |
| Isotype:                    | IgG                                                                                                                                                            |
| Cross-Reactivity:           | Human                                                                                                                                                          |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                                                                                |
| Characteristics:            | ENPP2, ID (K416) (Ectonucleotide Pyrophosphatase/Phosphodiesterase Family Member 2, ENPP 2, Extracellular Lysophospholipase D, LysoPLD, Autotaxin, ATX, PDNP2) |
| Purification:               | Purified by ammonium sulfate precipitation.                                                                                                                    |

## Target Details

|         |       |
|---------|-------|
| Target: | ENPP2 |
|---------|-------|

## Target Details

|                   |                              |
|-------------------|------------------------------|
| Alternative Name: | ENPP2                        |
| NCBI Accession:   | <a href="#">NP_001035181</a> |
| UniProt:          | <a href="#">Q13822</a>       |

## Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | Supplied as a liquid in PBS, 0.09 % sodium azide.                                                                      |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | -20°C                                                                                                                  |
