## anti-ENPP2 antibody (Center, Internal Region) (APC)

[Go to Product page](#)

### Overview

|                      |                                          |
|----------------------|------------------------------------------|
| Quantity:            | 200 µL                                   |
| Target:              | ENPP2                                    |
| Binding Specificity: | Center, Internal Region                  |
| Reactivity:          | Human                                    |
| Host:                | Rabbit                                   |
| Clonality:           | Polyclonal                               |
| Conjugate:           | This ENPP2 antibody is conjugated to APC |
| Application:         | Western Blotting (WB), ELISA             |

### Product Details

|                             |                                                                                                                                                                |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | Synthetic peptide selected from the Center region of human ENPP2 (KLH).                                                                                        |
| Isotype:                    | IgG                                                                                                                                                            |
| Cross-Reactivity:           | Human, Mouse (Murine)                                                                                                                                          |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu Mo                                                                                                                             |
| Characteristics:            | ENPP2, ID (Ectonucleotide Pyrophosphatase/Phosphodiesterase Family Member 2, E-NPP 2, Extracellular Lysophospholipase D, LysoPLD, Autotaxin, ATX, PDNP2) (APC) |
| Purification:               | Purified by immunoaffinity chromatography.                                                                                                                     |

### Target Details

|         |       |
|---------|-------|
| Target: | ENPP2 |
|---------|-------|

### Target Details

|                   |                              |
|-------------------|------------------------------|
| Alternative Name: | ENPP2                        |
| NCBI Accession:   | <a href="#">NP_001035181</a> |
| UniProt:          | <a href="#">Q13822</a>       |

### Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

### Handling

|                  |                                      |
|------------------|--------------------------------------|
| Format:          | Liquid                               |
| Buffer:          | Supplied as a liquid in PBS, pH 7.2. |
| Storage:         | 4 °C                                 |
| Storage Comment: | 4°C ,Do Not Freeze                   |
