Datasheet for ABIN2263947  
**anti-Factor VIIa antibody**

### Overview

Quantity:	1 mg
Target:	Factor VIIa
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This Factor VIIa antibody is un-conjugated
Application:	ELISA, Western Blotting (WB)

### Product Details

Immunogen:	Purified human factor VIIa
Isotype:	IgG
Cross-Reactivity:	Human
Cross-Reactivity (Details):	Calculated cross reactivity: Hu
Characteristics:	Factor VIIa
Purity:	~95 % SDS-PAGE

### Target Details

Target:	Factor VIIa
Abstract:	<a href="#">Factor VIIa Products</a>

## Application Details

---

Application Notes: Optimal working conditions should be determined by the investigator.

---

Restrictions: For Research Use only

## Handling

---

Format: Liquid

---

Buffer: Supplied as a liquid, ddH<sub>2</sub>O, 50 % glycerol.

---

Storage: -20 °C

---

Storage Comment: -20°C
