## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 200 µL                              |
| Target:              | FBP2                                |
| Binding Specificity: | C-Term                              |
| Reactivity:          | Human                               |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This FBP2 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA        |

## Product Details

|                             |                                                                                                              |
|-----------------------------|--------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | Synthetic peptide selected from the C-terminal region of human FBP2 (KLH).                                   |
| Isotype:                    | IgG                                                                                                          |
| Cross-Reactivity:           | Human, Mouse (Murine)                                                                                        |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu Mo                                                                           |
| Characteristics:            | FBP2, CT (Fructose-1,6-bisphosphatase Isozyme 2, FBPase 2, D-fructose-1,6-bisphosphate 1-phosphohydrolase 2) |
| Purification:               | Purified by ammonium sulfate precipitation.                                                                  |

## Target Details

|         |      |
|---------|------|
| Target: | FBP2 |
|---------|------|

## Target Details

Alternative Name: FBP2 ([FBP2 Products](#))

NCBI Accession: [NP\\_003828](#)

UniProt: [O00757](#)

## Application Details

Application Notes: Optimal working conditions should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: Supplied as a liquid in PBS, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C

Storage Comment: -20°C
