## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 200 µL                                                   |
| Target:              | FGD6                                                     |
| Binding Specificity: | AA 1331-1359, C-Term                                     |
| Reactivity:          | Human                                                    |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This FGD6 antibody is un-conjugated                      |
| Application:         | ELISA, Western Blotting (WB), Immunohistochemistry (IHC) |

## Product Details

|                             |                                                                                                                                                                   |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | FGD6 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 1331-1359 amino acids from the C-terminal region of human FGD6. |
| Isotype:                    | IgG                                                                                                                                                               |
| Cross-Reactivity:           | Human                                                                                                                                                             |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                                                                                   |
| Characteristics:            | FGD6, CT (FGD6, KIAA1362, ZFYVE24, FYVE, RhoGEF and PH domain-containing protein 6, Zinc finger FYVE domain-containing protein 24)                                |
| Purification:               | Purified by Protein A affinity chromatography.                                                                                                                    |

Target Details

|                   |                      |
|-------------------|----------------------|
| Target:           | FGD6                 |
| Alternative Name: | FGD6 (FGD6 Products) |
| NCBI Accession:   | NP_060821            |
| UniProt:          | Q6ZV73               |

Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | Supplied as a liquid in PBS, pH 7.2, 0.09 % sodium azide.                                                              |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | -20°C                                                                                                                  |
