

## Datasheet for ABIN2272264 **anti-Gastrin antibody**

[Go to Product page](#)

### Overview

|              |                                        |
|--------------|----------------------------------------|
| Quantity:    | 1 mL                                   |
| Target:      | Gastrin (GAST)                         |
| Reactivity:  | Human                                  |
| Host:        | Rabbit                                 |
| Clonality:   | Polyclonal                             |
| Conjugate:   | This Gastrin antibody is un-conjugated |
| Application: | Radioimmunoassay (RIA)                 |

### Product Details

|                             |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Immunogen:                  | Human Gastrin.                                                         |
| Isotype:                    | IgG                                                                    |
| Cross-Reactivity:           | Human                                                                  |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                        |
| Characteristics:            | Gastrin (GAST, GAS)                                                    |
| Purity:                     | ≥ 99 % No contaminants detected Single band by SDS-PAGE IEP and/or RID |

### Target Details

|                   |                                           |
|-------------------|-------------------------------------------|
| Target:           | Gastrin (GAST)                            |
| Alternative Name: | Gastrin ( <a href="#">GAST Products</a> ) |

Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

Handling

|                  |                                    |
|------------------|------------------------------------|
| Format:          | Liquid                             |
| Buffer:          | Neat serum. No preservative added. |
| Preservative:    | Without preservative               |
| Storage:         | 4 °C,-20 °C                        |
| Storage Comment: | 4°C (-20°C Glycerol)               |
