## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µg                               |
| Target:              | IFI30                                |
| Binding Specificity: | AA 27-250                            |
| Reactivity:          | Human                                |
| Host:                | Mouse                                |
| Clonality:           | Monoclonal                           |
| Conjugate:           | This IFI30 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

## Product Details

|                             |                                                                                                        |
|-----------------------------|--------------------------------------------------------------------------------------------------------|
| Immunogen:                  | HEK293 human embryonic kidney cell line transfected with human GILT/IFI30 aa27-250 (UniProt # P13284). |
| Clone:                      | 844623                                                                                                 |
| Isotype:                    | IgG2a                                                                                                  |
| Cross-Reactivity:           | Human                                                                                                  |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                        |
| Characteristics:            | IFI30 (GILT, Gamma-Interferon-inducible Lysosomal Thiol Reductase, IP30, Legumaturain)                 |
| Purification:               | Purified by Protein A or G affinity chromatography.                                                    |

### Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | IFI30                                    |
| Alternative Name: | IFI30 ( <a href="#">IFI30 Products</a> ) |
| UniProt:          | <a href="#">P13284</a>                   |

### Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

### Handling

|                  |                                                     |
|------------------|-----------------------------------------------------|
| Format:          | Lyophilized                                         |
| Reconstitution:  | Reconstitute in sterile PBS.                        |
| Buffer:          | Supplied as a lyophilized powder in PBS, Trehalose. |
| Storage:         | -20 °C                                              |
| Storage Comment: | -20°C                                               |
