## Overview

|                      |                                        |
|----------------------|----------------------------------------|
| Quantity:            | 200 µL                                 |
| Target:              | LDLRAD3                                |
| Binding Specificity: | AA 314-345, C-Term                     |
| Reactivity:          | Mouse                                  |
| Host:                | Rabbit                                 |
| Clonality:           | Polyclonal                             |
| Conjugate:           | This LDLRAD3 antibody is un-conjugated |
| Application:         | ELISA, Western Blotting (WB)           |

## Product Details

|                             |                                                                                                                                                                       |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | LDLRAD3 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 314-345 amino acids from the C-terminal region of human LDLRAD3. |
| Isotype:                    | IgG                                                                                                                                                                   |
| Cross-Reactivity:           | Mouse (Murine)                                                                                                                                                        |
| Cross-Reactivity (Details): | Calculated cross reactivity: Mo                                                                                                                                       |
| Characteristics:            | LDLRAD3, CT (LDLRAD3, Low-density lipoprotein receptor class A domain-containing protein 3)                                                                           |
| Purification:               | Purified by Protein A affinity chromatography.                                                                                                                        |

## Target Details

|         |         |
|---------|---------|
| Target: | LDLRAD3 |
|---------|---------|

## Target Details

Alternative Name: LDLRAD3 ([LDLRAD3 Products](#))

NCBI Accession: [NP\\_777562](#)

UniProt: [Q86YD5](#)

## Application Details

Application Notes: Optimal working conditions should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: Supplied as a liquid in PBS, pH 7.2, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C

Storage Comment: -20°C
