## anti-Glucocorticoid Receptor antibody (Center, Internal Region) (HRP)

[Go to Product page](#)

### Overview

|                      |                                                            |
|----------------------|------------------------------------------------------------|
| Quantity:            | 200 µL                                                     |
| Target:              | Glucocorticoid Receptor (NR3C1)                            |
| Binding Specificity: | AA 243-272, Center, Internal Region                        |
| Reactivity:          | Human                                                      |
| Host:                | Rabbit                                                     |
| Clonality:           | Polyclonal                                                 |
| Conjugate:           | This Glucocorticoid Receptor antibody is conjugated to HRP |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), ELISA   |

### Product Details

|                             |                                                                                                                                                                |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | NR3C1 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 243-272 amino acids from the Central region of human NR3C1. |
| Isotype:                    | IgG                                                                                                                                                            |
| Cross-Reactivity:           | Human, Mouse (Murine)                                                                                                                                          |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu Mo                                                                                                                             |
| Characteristics:            | NR3C1, ID (NR3C1, GRL, Glucocorticoid receptor, Nuclear receptor subfamily 3 group C member 1) (Azide free) (HRP)                                              |
| Purification:               | Purified by Protein A affinity chromatography.                                                                                                                 |

### Target Details

|                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | Glucocorticoid Receptor (NR3C1)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| Alternative Name: | NR3C1 ( <a href="#">NR3C1 Products</a> )                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| NCBI Accession:   | <a href="#">NP_000167</a>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| UniProt:          | <a href="#">P04150</a>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

### Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

### Handling

|                  |                                                                          |
|------------------|--------------------------------------------------------------------------|
| Format:          | Liquid                                                                   |
| Buffer:          | Supplied as a liquid in PBS, pH 7.2. No preservative added (Azide free). |
| Preservative:    | Without preservative                                                     |
| Storage:         | -20 °C                                                                   |
| Storage Comment: | -20°C                                                                    |
