## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 200 µL                               |
| Target:              | NR6A1                                |
| Binding Specificity: | AA 37-67, N-Term                     |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This NR6A1 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

## Product Details

|                             |                                                                                                                                                                 |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | NR6A1 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 37-67 amino acids from the N-terminal region of human NR6A1. |
| Isotype:                    | IgG                                                                                                                                                             |
| Cross-Reactivity:           | Human, Mouse (Murine)                                                                                                                                           |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu Mo                                                                                                                              |
| Characteristics:            | NR6A1, NT (NR6A1, GCNF, Nuclear receptor subfamily 6 group A member 1, Germ cell nuclear factor, Retinoid receptor-related testis-specific receptor)            |
| Purification:               | Purified by Protein A affinity chromatography.                                                                                                                  |

Target Details

|                   |                                                                                                                     |
|-------------------|---------------------------------------------------------------------------------------------------------------------|
| Target:           | NR6A1                                                                                                               |
| Alternative Name: | NR6A1 ( <a href="#">NR6A1 Products</a> )                                                                            |
| NCBI Accession:   | <a href="#">NP_001480</a> , <a href="#">NP_201591</a>                                                               |
| UniProt:          | <a href="#">Q15406</a>                                                                                              |
| Pathways:         | <a href="#">Nuclear Receptor Transcription Pathway</a> , <a href="#">Steroid Hormone Mediated Signaling Pathway</a> |

Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | Supplied as a liquid in PBS, pH 7.2, 0.09 % sodium azide.                                                              |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | -20°C                                                                                                                  |
