## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 200 µL                               |
| Target:              | NUAK2                                |
| Binding Specificity: | N-Term                               |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This NUAK2 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

## Product Details

|                             |                                                                                   |
|-----------------------------|-----------------------------------------------------------------------------------|
| Immunogen:                  | Synthetic peptide selected from the N-terminal region of human NUAK2 (KLH).       |
| Isotype:                    | IgG                                                                               |
| Cross-Reactivity:           | Human                                                                             |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                   |
| Characteristics:            | NUAK2, NT (NUAK Family SNF1-like Kinase 2, SNF1/AMP Kinase-related Kinase, SNARK) |
| Purification:               | Purified by Protein G affinity chromatography.                                    |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | NUAK2                                    |
| Alternative Name: | NUAK2 ( <a href="#">NUAK2 Products</a> ) |

## Target Details

NCBI Accession: [NP\\_112214](#)

UniProt: [Q9H093](#)

## Application Details

Application Notes: Optimal working conditions should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: Supplied as a liquid in PBS, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C

Storage Comment: -20°C
