Datasheet for ABIN2316022  
**anti-NANP antibody (AA 1-248)**

### Overview

Quantity:	50 µg
Target:	NANP
Binding Specificity:	AA 1-248
Reactivity:	Human
Host:	Mouse
Clonality:	Polyclonal
Application:	Western Blotting (WB), Immunofluorescence (IF)

### Product Details

Immunogen:	Full length human NANP, aa1-248 (NP_689880.1).
Isotype:	IgG
Cross-Reactivity:	Human
Cross-Reactivity (Details):	Calculated cross reactivity: Hu
Characteristics:	NANP (N-Acetylneuraminic Acid Phosphatase, N-Acylneuraminase-9-Phosphatase, C20orf147, dJ694B14.3, Haloacid Dehalogenase-like Hydrolase Domain-containing Protein 4, HDHD4, MGC26833, Neu5Ac-9-Pase)
Purification:	Purified by Protein A affinity chromatography.

### Target Details

Target:	NANP
---------	------

## Target Details

---

Alternative Name: NANP ([NANP Products](#))

NCBI Accession: [NM\\_152667](#), [NP\\_689880](#)

## Application Details

---

Application Notes: Optimal working conditions should be determined by the investigator.

Restrictions: For Research Use only

## Handling

---

Format: Liquid

Buffer: Supplied as a liquid in PBS, pH 7.2.

Storage: -20 °C

Storage Comment: -20°C
