

Datasheet for ABIN2318965
anti-OMP antibody (AA 65-164)

[Go to Product page](#)

Overview

Quantity:	100 µg
Target:	OMP
Binding Specificity:	AA 65-164
Reactivity:	Human
Host:	Mouse
Clonality:	Monoclonal
Conjugate:	This OMP antibody is un-conjugated
Application:	ELISA, Western Blotting (WB)

Product Details

Immunogen:	Partial recombinant corresponding to aa65-164 from human OMP (NP_006180) with GST tag. MW of the GST tag alone is 26kD.
Clone:	2B7
Isotype:	IgG2a kappa
Cross-Reactivity:	Human
Cross-Reactivity (Details):	Calculated cross reactivity: Hu
Characteristics:	OMP (Olfactory Marker Protein, Olfactory Neuronal-specific Protein)
Purification:	Purified by Protein A affinity chromatography.

Target Details

Target:	OMP
Alternative Name:	OMP (OMP Products)
NCBI Accession:	NM_006189, NP_006180

Application Details

Application Notes:	Optimal working conditions should be determined by the investigator.
Restrictions:	For Research Use only

Handling

Format:	Liquid
Buffer:	Supplied as a liquid in PBS, pH 7.2.
Storage:	-20 °C
Storage Comment:	-20°C
