## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µg                               |
| Target:              | NEK11                                |
| Binding Specificity: | AA 1-482                             |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This NEK11 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                |

## Product Details

|                             |                                                                                                                               |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | Full length human NEK11, aa1-482 (AAH28587.1).                                                                                |
| Isotype:                    | IgG                                                                                                                           |
| Cross-Reactivity:           | Human                                                                                                                         |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                                               |
| Characteristics:            | NEK11 (Serine/Threonine-protein Kinase Nek11, Never in Mitosis A-related Kinase 11, NimA-related Protein Kinase 11, FLJ23495) |
| Purification:               | Purified by Protein A affinity chromatography.                                                                                |

## Target Details

|         |       |
|---------|-------|
| Target: | NEK11 |
|---------|-------|

Target Details

Alternative Name: NEK11 ([NEK11 Products](#))

Application Details

Application Notes: Optimal working conditions should be determined by the investigator.

Restrictions: For Research Use only

Handling

Format: Liquid

Buffer: Supplied as a liquid in PBS, pH 7.2.

Storage: -20 °C

Storage Comment: -20°C
