## Overview

|                      |                                        |
|----------------------|----------------------------------------|
| Quantity:            | 200 µL                                 |
| Target:              | OSBPL10                                |
| Binding Specificity: | AA 668-695, C-Term                     |
| Reactivity:          | Human                                  |
| Host:                | Rabbit                                 |
| Clonality:           | Polyclonal                             |
| Conjugate:           | This OSBPL10 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA           |

## Product Details

|                             |                                                                                                                                                                       |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | OSBPL10 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 668-695 amino acids from the C-terminal region of human OSBPL10. |
| Isotype:                    | IgG                                                                                                                                                                   |
| Cross-Reactivity:           | Human                                                                                                                                                                 |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                                                                                       |
| Characteristics:            | OSBPL10, CT (OSBPL10, ORP10, OSBP9, Oxysterol-binding protein-related protein 10)                                                                                     |
| Purification:               | Purified by Protein A affinity chromatography.                                                                                                                        |

## Target Details

|         |         |
|---------|---------|
| Target: | OSBPL10 |
|---------|---------|

## Target Details

Alternative Name: OSBPL10 ([OSBPL10 Products](#))

NCBI Accession: [NP\\_001167531](#)

UniProt: [Q9BXB5](#)

## Application Details

Application Notes: Optimal working conditions should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: Supplied as a liquid in PBS, pH 7.2, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C

Storage Comment: -20°C
