## Overview

|                      |                                                |
|----------------------|------------------------------------------------|
| Quantity:            | 50 µg                                          |
| Target:              | PARP3                                          |
| Binding Specificity: | AA 1-533                                       |
| Reactivity:          | Human                                          |
| Host:                | Mouse                                          |
| Clonality:           | Polyclonal                                     |
| Conjugate:           | This PARP3 antibody is un-conjugated           |
| Application:         | Western Blotting (WB), Immunofluorescence (IF) |

## Product Details

|                             |                                                                                                                                                                 |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | Full length human PARP3, aa1-533 (AAH14260).                                                                                                                    |
| Isotype:                    | IgG                                                                                                                                                             |
| Cross-Reactivity:           | Human                                                                                                                                                           |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                                                                                 |
| Characteristics:            | PARP3 (Poly [ADP-ribose] Polymerase 3, PARP-3, hPARP-3, IRT1, NAD(+) ADP-ribosyltransferase 3, ADPRT-3, Poly[ADP-ribose] Synthase 3, pADPRT-3, ADPRT3, ADPRTL3) |
| Purification:               | Purified by Protein A affinity chromatography.                                                                                                                  |

## Target Details

|         |       |
|---------|-------|
| Target: | PARP3 |
|---------|-------|

Target Details

Alternative Name: PARP3 ([PARP3 Products](#))

Application Details

Application Notes: Optimal working conditions should be determined by the investigator.

Restrictions: For Research Use only

Handling

Format: Liquid

Buffer: Supplied as a liquid in PBS, pH 7.2.

Storage: -20 °C

Storage Comment: -20°C
