## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 50 µg                                |
| Target:              | ROBO3                                |
| Binding Specificity: | AA 1-148                             |
| Reactivity:          | Human                                |
| Host:                | Mouse                                |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This ROBO3 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                |

## Product Details

|                             |                                                                                   |
|-----------------------------|-----------------------------------------------------------------------------------|
| Immunogen:                  | Full length human ROBO3, aa1-148 (AAH08623).                                      |
| Isotype:                    | IgG                                                                               |
| Cross-Reactivity:           | Human                                                                             |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                   |
| Characteristics:            | ROBO3 (Roundabout Homolog 3, Roundabout-like Protein 3, HGPS, HGPPS, RBIG1, RIG1) |
| Purification:               | Purified by Protein A affinity chromatography.                                    |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | ROBO3                                    |
| Alternative Name: | ROBO3 ( <a href="#">ROBO3 Products</a> ) |

Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

Handling

|                  |                                      |
|------------------|--------------------------------------|
| Format:          | Liquid                               |
| Buffer:          | Supplied as a liquid in PBS, pH 7.2. |
| Storage:         | -20 °C                               |
| Storage Comment: | -20°C                                |
