## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 100 µg                              |
| Target:              | RPS8                                |
| Binding Specificity: | AA 109-208                          |
| Reactivity:          | Human                               |
| Host:                | Mouse                               |
| Clonality:           | Monoclonal                          |
| Conjugate:           | This RPS8 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA        |

## Product Details

|                             |                                                                                                                              |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | Partial recombinant corresponding to aa109-208 from human RPS8 (NP_001003) with GST tag.<br>MW of the GST tag alone is 26kD. |
| Clone:                      | 4D11                                                                                                                         |
| Isotype:                    | IgG2a kappa                                                                                                                  |
| Cross-Reactivity:           | Human                                                                                                                        |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                                              |
| Characteristics:            | RPS8 (40S Ribosomal Protein S8, OK/SW-cl.83)                                                                                 |
| Purification:               | Purified by Protein A affinity chromatography.                                                                               |

### Target Details

|                   |                                                       |
|-------------------|-------------------------------------------------------|
| Target:           | RPS8                                                  |
| Alternative Name: | RPS8 ( <a href="#">RPS8 Products</a> )                |
| NCBI Accession:   | <a href="#">NM_001012</a> , <a href="#">NP_001003</a> |

### Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

### Handling

|                  |                                      |
|------------------|--------------------------------------|
| Format:          | Liquid                               |
| Buffer:          | Supplied as a liquid in PBS, pH 7.2. |
| Storage:         | -20 °C                               |
| Storage Comment: | -20°C                                |
