## Overview

|                      |                                                                            |
|----------------------|----------------------------------------------------------------------------|
| Quantity:            | 50 µg                                                                      |
| Target:              | Septin 12 (Sep12)                                                          |
| Binding Specificity: | AA 1-358                                                                   |
| Reactivity:          | Human                                                                      |
| Host:                | Mouse                                                                      |
| Clonality:           | Polyclonal                                                                 |
| Conjugate:           | This Septin 12 antibody is un-conjugated                                   |
| Application:         | Western Blotting (WB), Immunofluorescence (IF), Immunohistochemistry (IHC) |

## Product Details

|                             |                                                 |
|-----------------------------|-------------------------------------------------|
| Immunogen:                  | Full length human SEPT12, aa1-358 (AAH35619.1). |
| Isotype:                    | IgG                                             |
| Cross-Reactivity:           | Human                                           |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                 |
| Characteristics:            | SEPT12 (Septin 12, FLJ25410, Septin-12)         |
| Purification:               | Purified by Protein A affinity chromatography.  |

## Target Details

|                   |                                           |
|-------------------|-------------------------------------------|
| Target:           | Septin 12 (Sep12)                         |
| Alternative Name: | SEPT12 ( <a href="#">Sep12 Products</a> ) |

Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

Handling

|                  |                                      |
|------------------|--------------------------------------|
| Format:          | Liquid                               |
| Buffer:          | Supplied as a liquid in PBS, pH 7.2. |
| Storage:         | -20 °C                               |
| Storage Comment: | -20°C                                |
