## Overview

|                      |                                         |
|----------------------|-----------------------------------------|
| Quantity:            | 50 µg                                   |
| Target:              | Septin 5 (SEPT5)                        |
| Binding Specificity: | AA 1-369                                |
| Reactivity:          | Human                                   |
| Host:                | Mouse                                   |
| Clonality:           | Polyclonal                              |
| Conjugate:           | This Septin 5 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                   |

## Product Details

|                             |                                                                                                    |
|-----------------------------|----------------------------------------------------------------------------------------------------|
| Immunogen:                  | Full length human SEPT5, aa1-369 (NP_002679.2).                                                    |
| Isotype:                    | IgG                                                                                                |
| Cross-Reactivity:           | Human                                                                                              |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                    |
| Characteristics:            | SEPT5 (Septin-5, Cell Division Control-related Protein 1, CDCrel-1, Peanut-like Protein 1, PNUTL1) |
| Purification:               | Purified by Protein A affinity chromatography.                                                     |

## Target Details

|         |                  |
|---------|------------------|
| Target: | Septin 5 (SEPT5) |
|---------|------------------|

### Target Details

|                   |                                             |
|-------------------|---------------------------------------------|
| Alternative Name: | SEPT5 ( <a href="#">SEPT5 Products</a> )    |
| NCBI Accession:   | <a href="#">NM_002688</a>                   |
| Pathways:         | <a href="#">Synaptic Vesicle Exocytosis</a> |

### Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

### Handling

|                  |                                      |
|------------------|--------------------------------------|
| Format:          | Liquid                               |
| Buffer:          | Supplied as a liquid in PBS, pH 7.2. |
| Storage:         | -20 °C                               |
| Storage Comment: | -20°C                                |
