## Overview

|                      |                                                        |
|----------------------|--------------------------------------------------------|
| Quantity:            | 100 µg                                                 |
| Target:              | SERPINA10                                              |
| Binding Specificity: | AA 22-445                                              |
| Reactivity:          | Human                                                  |
| Host:                | Mouse                                                  |
| Clonality:           | Monoclonal                                             |
| Conjugate:           | This SERPINA10 antibody is un-conjugated               |
| Application:         | Western Blotting (WB), Immunoprecipitation (IP), ELISA |

## Product Details

|                             |                                                                                                                                  |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | Full length recombinant corresponding to aa22-445 from human SERPINA10 (AAH22261) with GST tag. MW of the GST tag alone is 26kD. |
| Clone:                      | 1E11                                                                                                                             |
| Isotype:                    | IgG2a kappa                                                                                                                      |
| Cross-Reactivity:           | Human                                                                                                                            |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                                                  |
| Characteristics:            | SERPINA10 (Protein Z-dependent Protease Inhibitor, PZ-dependent Protease Inhibitor, PZI, Serpin A10, ZPI, UNQ707/PRO1358)        |
| Purification:               | Purified by Protein A affinity chromatography.                                                                                   |

### Target Details

|                   |                                                  |
|-------------------|--------------------------------------------------|
| Target:           | SERPINA10                                        |
| Alternative Name: | SERPINA10 ( <a href="#">SERPINA10 Products</a> ) |

### Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

### Handling

|                  |                                      |
|------------------|--------------------------------------|
| Format:          | Liquid                               |
| Buffer:          | Supplied as a liquid in PBS, pH 7.2. |
| Storage:         | -20 °C                               |
| Storage Comment: | -20°C                                |
