## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 200 µL                               |
| Target:              | STK38                                |
| Binding Specificity: | C-Term                               |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This STK38 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

## Product Details

|                             |                                                                                                                 |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | Synthetic peptide selected from the C-terminal region of human STK38 (KLH).                                     |
| Isotype:                    | IgG                                                                                                             |
| Cross-Reactivity:           | Human                                                                                                           |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                                 |
| Characteristics:            | STK38, CT (Serine/Threonine-protein Kinase 38, NDR1 Protein Kinase, Nuclear Dbf2-related Kinase 1, STK38, NDR1) |
| Purification:               | Purified by Protein G affinity chromatography.                                                                  |

## Target Details

|         |       |
|---------|-------|
| Target: | STK38 |
|---------|-------|

Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Alternative Name: | STK38 ( <a href="#">STK38 Products</a> ) |
| NCBI Accession:   | <a href="#">NP_009202</a>                |
| UniProt:          | <a href="#">Q15208</a>                   |

Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | Supplied as a liquid in PBS, 0.09 % sodium azide.                                                                      |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | -20°C                                                                                                                  |
