## Overview

|                      |                                       |
|----------------------|---------------------------------------|
| Quantity:            | 50 µg                                 |
| Target:              | TFAP2D                                |
| Binding Specificity: | AA 1-452                              |
| Reactivity:          | Human                                 |
| Host:                | Mouse                                 |
| Clonality:           | Polyclonal                            |
| Conjugate:           | This TFAP2D antibody is un-conjugated |
| Application:         | Western Blotting (WB)                 |

## Product Details

|                             |                                                                                                                                        |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | Full length human TFAP2D, aa1-452 (NP_758438.1).                                                                                       |
| Isotype:                    | IgG                                                                                                                                    |
| Cross-Reactivity:           | Human                                                                                                                                  |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                                                        |
| Characteristics:            | TFAP2D (TFAP2BL1, Transcription Factor AP-2-delta, Activating Enhancer-binding Protein 2-delta, Transcription Factor AP-2-beta-like 1) |
| Purification:               | Purified by Protein A affinity chromatography.                                                                                         |

## Target Details

|         |        |
|---------|--------|
| Target: | TFAP2D |
|---------|--------|

### Target Details

Alternative Name: TFAP2D (TFAP2D Products)

NCBI Accession: NM\_172238, NP\_758438

### Application Details

Application Notes: Optimal working conditions should be determined by the investigator.

Restrictions: For Research Use only

### Handling

Format: Liquid

Buffer: Supplied as a liquid in PBS, pH 7.2.

Storage: -20 °C

Storage Comment: -20°C
