## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µg                               |
| Target:              | TFB2M                                |
| Binding Specificity: | AA 297-397                           |
| Reactivity:          | Human                                |
| Host:                | Mouse                                |
| Clonality:           | Monoclonal                           |
| Conjugate:           | This TFB2M antibody is un-conjugated |
| Application:         | ELISA, Western Blotting (WB)         |

## Product Details

|                             |                                                                                                                                                                                                                                                                                                                                         |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | Partial recombinant corresponding to aa297-397 from human TFB2M (NP_071761) with GST tag. MW of the GST tag alone is 26kD.                                                                                                                                                                                                              |
| Clone:                      | 2E10                                                                                                                                                                                                                                                                                                                                    |
| Isotype:                    | IgG1 kappa                                                                                                                                                                                                                                                                                                                              |
| Cross-Reactivity:           | Human                                                                                                                                                                                                                                                                                                                                   |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                                                                                                                                                                                                                                                         |
| Characteristics:            | TFB2M (Dimethyladenosine Transferase 2, Mitochondrial, Hepatitis C Virus NS5A-transactivated Protein 5, HCV NS5A-transactivated Protein 5, NS5ATP5, Mitochondrial 12S rRNA Dimethylase 2, Mitochondrial Transcription Factor B2, h-mtTFB, h-mtTFB2, hTFB2M, mtTFB2, S-adenosylmethionine-6-N', N'-adenosyl(rRNA) Dimethyltransferase 2) |

### Product Details

---

|               |                                                |
|---------------|------------------------------------------------|
| Purification: | Purified by Protein A affinity chromatography. |
|---------------|------------------------------------------------|

### Target Details

---

|         |       |
|---------|-------|
| Target: | TFB2M |
|---------|-------|

|                   |                                          |
|-------------------|------------------------------------------|
| Alternative Name: | TFB2M ( <a href="#">TFB2M Products</a> ) |
|-------------------|------------------------------------------|

|                 |                                                       |
|-----------------|-------------------------------------------------------|
| NCBI Accession: | <a href="#">NM_022366</a> , <a href="#">NP_071761</a> |
|-----------------|-------------------------------------------------------|

### Application Details

---

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
|--------------------|----------------------------------------------------------------------|

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

### Handling

---

|         |        |
|---------|--------|
| Format: | Liquid |
|---------|--------|

|         |                                      |
|---------|--------------------------------------|
| Buffer: | Supplied as a liquid in PBS, pH 7.2. |
|---------|--------------------------------------|

|          |        |
|----------|--------|
| Storage: | -20 °C |
|----------|--------|

|                  |       |
|------------------|-------|
| Storage Comment: | -20°C |
|------------------|-------|
