

Datasheet for ABIN2374767
anti-Thromboxane B2 antibody

[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	Thromboxane B2 (TXB2)
Reactivity:	Please inquire
Host:	Sheep
Clonality:	Polyclonal
Conjugate:	This Thromboxane B2 antibody is un-conjugated
Application:	Radioimmunoassay (RIA)

Product Details

Immunogen:	Thromboxane B2.
Isotype:	IgG
Characteristics:	Thromboxane B2 (TXB2)
Purification:	Neat serum.

Target Details

Target:	Thromboxane B2 (TXB2)
Alternative Name:	Thromboxane B2 (TXB2 Products)
Target Type:	Chemical

Application Details

Application Notes: Optimal working conditions should be determined by the investigator.

Restrictions: For Research Use only

Handling

Format: Liquid

Buffer: Supplied as neat serum.

Storage: -20 °C

Storage Comment: -20°C
