## Overview

|                      |                                                |
|----------------------|------------------------------------------------|
| Quantity:            | 50 µg                                          |
| Target:              | TWIST1                                         |
| Binding Specificity: | AA 1-202                                       |
| Reactivity:          | Human                                          |
| Host:                | Mouse                                          |
| Clonality:           | Polyclonal                                     |
| Conjugate:           | This TWIST1 antibody is un-conjugated          |
| Application:         | Western Blotting (WB), Immunofluorescence (IF) |

## Product Details

|                             |                                                                                                     |
|-----------------------------|-----------------------------------------------------------------------------------------------------|
| Immunogen:                  | Full length human TWIST1, aa1-202 (NP_000465.1).                                                    |
| Isotype:                    | IgG                                                                                                 |
| Cross-Reactivity:           | Human                                                                                               |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                     |
| Characteristics:            | TWIST1 (Twist-related Protein 1, H-twist, TWIST Class A Basic helix-loop-helix Protein 38, bHLHa38) |
| Purification:               | Purified by Protein A affinity chromatography.                                                      |

## Target Details

|         |        |
|---------|--------|
| Target: | TWIST1 |
|---------|--------|

Target Details

|                   |                                                                                                                                                                 |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Alternative Name: | <a href="#">TWIST1 (TWIST1 Products)</a>                                                                                                                        |
| NCBI Accession:   | <a href="#">NM_000474</a> , <a href="#">NP_000465</a>                                                                                                           |

Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

Handling

|                  |                                      |
|------------------|--------------------------------------|
| Format:          | Liquid                               |
| Buffer:          | Supplied as a liquid in PBS, pH 7.2. |
| Storage:         | -20 °C                               |
| Storage Comment: | -20°C                                |
