## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 100 µg                                                   |
| Target:              | UPF3A                                                    |
| Binding Specificity: | AA 274-375                                               |
| Reactivity:          | Human                                                    |
| Host:                | Mouse                                                    |
| Clonality:           | Monoclonal                                               |
| Conjugate:           | This UPF3A antibody is un-conjugated                     |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC) |

## Product Details

|                             |                                                                                                                                           |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | Partial recombinant corresponding to aa274-375 from human UPF3A (AAH23569) with GST tag. MW of the GST tag alone is 26kD.                 |
| Clone:                      | 2E2                                                                                                                                       |
| Isotype:                    | IgG2a kappa                                                                                                                               |
| Cross-Reactivity:           | Human                                                                                                                                     |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                                                           |
| Characteristics:            | UPF3A (Up-frameshift Suppressor 3 Homolog A, hUpf3, UPF3, Nonsense mRNA Reducing Factor 3A, Regulator of Nonsense Transcripts 3A, RENT3A) |
| Purification:               | Purified by Protein A affinity chromatography.                                                                                            |

### Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | UPF3A                                    |
| Alternative Name: | UPF3A ( <a href="#">UPF3A Products</a> ) |

### Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

### Handling

|                  |                                      |
|------------------|--------------------------------------|
| Format:          | Liquid                               |
| Buffer:          | Supplied as a liquid in PBS, pH 7.2. |
| Storage:         | -20 °C                               |
| Storage Comment: | -20°C                                |
