

Datasheet for ABIN2386090  
**anti-VPS4A antibody (AA 1-437)**

[Go to Product page](#)

## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 50 µg                                |
| Target:              | VPS4A                                |
| Binding Specificity: | AA 1-437                             |
| Reactivity:          | Human                                |
| Host:                | Mouse                                |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This VPS4A antibody is un-conjugated |
| Application:         | Western Blotting (WB)                |

## Product Details

|                             |                                                                                           |
|-----------------------------|-------------------------------------------------------------------------------------------|
| Immunogen:                  | Full length human VPS4A, aa1-437 (NP_037377.1).                                           |
| Isotype:                    | IgG                                                                                       |
| Cross-Reactivity:           | Human                                                                                     |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                           |
| Characteristics:            | VPS4A (Vacuolar Protein Sorting-associated Protein 4A, VPS4, hVPS4, Protein SKD2, VPS4-1) |
| Purification:               | Purified by Protein A affinity chromatography.                                            |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | VPS4A                                    |
| Alternative Name: | VPS4A ( <a href="#">VPS4A Products</a> ) |

Target Details

|                 |                                                       |
|-----------------|-------------------------------------------------------|
| NCBI Accession: | NM_013245                                             |
| Pathways:       | Microtubule Dynamics, CXCR4-mediated Signaling Events |

Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

Handling

|                  |                                      |
|------------------|--------------------------------------|
| Format:          | Liquid                               |
| Buffer:          | Supplied as a liquid in PBS, pH 7.2. |
| Storage:         | -20 °C                               |
| Storage Comment: | -20°C                                |
