## Overview

|                      |                                        |
|----------------------|----------------------------------------|
| Quantity:            | 50 µg                                  |
| Target:              | XPNPEP1                                |
| Binding Specificity: | AA 1-623                               |
| Reactivity:          | Human                                  |
| Host:                | Mouse                                  |
| Clonality:           | Polyclonal                             |
| Conjugate:           | This XPNPEP1 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                  |

## Product Details

|                             |                                                                                                                                                                                                                |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:                  | Full length human XPNPEP1, aa1-623 (NP_065116.2).                                                                                                                                                              |
| Isotype:                    | IgG                                                                                                                                                                                                            |
| Cross-Reactivity:           | Human                                                                                                                                                                                                          |
| Cross-Reactivity (Details): | Calculated cross reactivity: Hu                                                                                                                                                                                |
| Characteristics:            | XPNPEP1 (X-prolyl Aminopeptidase 1, Soluble, X-Pro Aminopeptidase 1, Xaa-Pro Aminopeptidase 1, Aminoacylproline Aminopeptidase, Cytosolic Aminopeptidase P, Soluble Aminopeptidase P, sAmp, XPNPEPL, XPNPEPL1) |
| Purification:               | Purified by Protein A affinity chromatography.                                                                                                                                                                 |

### Target Details

|                   |                                                       |
|-------------------|-------------------------------------------------------|
| Target:           | XPNPEP1                                               |
| Alternative Name: | XPNPEP1 ( <a href="#">XPNPEP1 Products</a> )          |
| NCBI Accession:   | <a href="#">NM_020383</a> , <a href="#">NP_065116</a> |

### Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | Optimal working conditions should be determined by the investigator. |
| Restrictions:      | For Research Use only                                                |

### Handling

|                  |                                      |
|------------------|--------------------------------------|
| Format:          | Liquid                               |
| Buffer:          | Supplied as a liquid in PBS, pH 7.2. |
| Storage:         | -20 °C                               |
| Storage Comment: | -20°C                                |
